

We have always strived to provide our Guests an environment that that is safe and enjoyable. We know that you rely on us to provide hospitality in a clean and safe restaurant. We want to assure everyone that are taking measures to ensure your safety.

As our community continues to feel the impact of COVID-19 outbreak, we felt it is important to share with you what we're doing to help keep everyone safe and healthy. Please be assured we have protocols in place and are working with our local public health officials and monitoring the WHO and CDC guidelines closely.

At the Brick Oven Pizzeria and Gastropub, we strive to take great care of the people in the community we serve, from our employees to all Guests and Patrons dining in our restaurants or taking out food.

We have heightened cleaning and disinfecting procedures to maintain a healthy environment for our Guests and employees. We want to assure everyone we're taking the necessary precautions to keep our restaurant safe and clean. In addition to the usual steps we take to ensure cleanliness on a daily basis, we've implemented additional measures to ensure heightened focus on hand washing and the disinfecting of surfaces, hardware, tables, menus, etc. We'll continue to stress the importance of proper hygiene, self-care, and hand washing; and we've mandated that any employee not feeling well stays home.

The safety and health of everyone has always been our priority. We'll continue to monitor and as the situation evolves, may implement additional preventative measures to ensure Guest and employee health and well-being.

Thank you for your patience as we navigate this challenging situation one day at a time. Thank you for your support and loyalty. We truly appreciate your trust in us and want all our Guests to feel safe eating in our restaurant.

Sincerely,

The Brick Oven Family
